Impact In Action Showcase: Foundation for Dreams

Please join us to see how Impact100 SRQ is helping Foundation for Dreams provide enrichment for special needs children and making fun happen at Dream Oaks Camp 2.0!

Imagine your child has a chronic illness like spina bifida, cerebral palsy, downs syndrome, autism, etc. and you want your child to have every available opportunity including going to camp with counselors experienced in helping children like yours progress.

Dream Oaks Camp offers an inclusive, supportive camp environment tailored to the children's unique needs, providing specialized care and adaptive activities. Thanks in part to Impact100 SRQ, the redesigned administrative building will facilitate coordination and support for Foundation for Dreams' programs. It is ADA compliant for camper utilization and provides a space for fundraising, staff training and program coordination. The camp will also offer additional programming focusing on behavioral skills, social interaction, daily living activities, health and hygiene, and independence in the administration building.

Come see how our remodeling initiative "Dream Oaks 2.0: A New Chapter" is making life better for campers and their families. We will be exploring the property, so wear comfortable shoes. There is plenty of room so you are welcome to bring friends who may have an interest in Impact100 SRQ and/or family members. Dream Oaks Camp is way at the end of the road so keep going. There is plenty of parking.

If you enjoy hiking...(Completely Optional)... Impact100 SRQ members are invited to stay after the Showcase to explore the Rye Wilderness nature trails which are very near the camp. Bring your lunch, your hiking shoes and a sense of adventure and enjoy old Florida nature at its best.

It's time to renew! If you have not already renewed for 2026, representatives from Treasury will be available at registration. We hope you will help us continue to fund extraordinary program's like Foundation for Dream's Dream Oaks Camp or click to [Renew Here](#).

Marilyn, 201-220-6742

MarilynK@Impact100SRQ.org

Kids are our future! At age 5, 80% of brain development has already occurred.

You will experience the importance of early education. Learn why the Reggio-Emilia-inspired furnishings we provided are the "third teacher" in the room at Starfish Academy, a nationally accredited inclusion program serving children of various abilities, from 6 weeks to five years old.

See for yourself why our grant helped create a new, welcoming and authentic learning environment that inspires curiosity and collaboration. Learn why the new furniture reduces stress, improves mood, enhances concentration, and supports emotional regulation – particularly when sensory issues are present.

We will take small groups through various learning stations starting at 5:30. The last group will start no later than 6:00.

Read more about the initiative here: [Florida Center for Early Childhood Starfish Academy Transformation Project](#)

Please join us!

After the Showcase we will "MEET UP" to Continue the Conversation @ Geckos on Cattleman. Catch Up and Share your stories. Hope to see you there!
